

Colorado Prescriber Information

Information for Colorado Prescribers of Prescription Drugs

In accordance with the Colorado Wholesale Acquisition Cost Disclosure Law (Colorado Revised Statutes Section 12-42.5-308), MacroGenics, Inc. (“MacroGenics”) is disclosing to authorized prescribers of prescription drugs in Colorado certain required wholesale acquisition cost (WAC) pricing information for MacroGenics-marketed product(s). Information provided is administrative only and makes no claims of efficacy or safety about any product listed.

This disclosure provides the WAC* for the product listed below:

NDC	Product	Dosage Form	Unit Size	WAC	Date Reported
74527-022-02	MARGENZA® (margetuximab-cmkb)	injection, for intravenous use	250mg/10mL vial (1)	\$2,150.32	July 2022
74527-022-03	MARGENZA (margetuximab-cmkb)	injection, for intravenous use	250mg/10mL vial (4)	\$8,601.28	July 2022

Generic Products

The Colorado Wholesale Acquisition Cost Disclosure Law also requires disclosure of up to three “generic products,” if any, in the same therapeutic class.

This disclosure provides the generic product information for the therapeutic class for the product listed below:

Product	Dosage Form	Generic drugs in therapeutic class
MARGENZA (margetuximab-cmkb)	injection, for intravenous use	N/A

For any product listed, please refer to its U.S. Food and Drug Administration (FDA)-approved prescribing information for further information. To access approved prescribing information for the listed product, see: <https://www.macrogenics.com/margenza/>.

*The WAC as listed represents the Company’s reported catalog or list price for the product sold to wholesalers, as reported by the manufacturer to applicable pricing compendia at or around the date indicated. The WAC is the reported catalog or list price before any discount, rebate or reductions in price, and does not represent actual transaction prices. The price paid by consumers may differ significantly from the WAC listed.
